AMENDED IN SENATE MAY 1, 2012 AMENDED IN SENATE MARCH 29, 2012

SENATE BILL

No. 1330

Introduced by Senator Simitian

February 23, 2012

An act to add Sections 2413.5 and 2413.7 to the Vehicle Code, relating to vehicles. An act to add Title 1.81.23 (commencing with Section 1798.90.5) to Part 4 of Division 3 of the Civil Code, relating to personal information.

LEGISLATIVE COUNSEL'S DIGEST

SB 1330, as amended, Simitian. Vehicles: license plate recognition technology: personal information. *License plate recognition technology: use of personal information.*

(1) Existing

Existing law authorizes the Department of the California Highway Patrol to retain license plate data captured by license plate recognition (LPR) technology for not more than 60 days unless the data is being used as evidence or for the investigation of felonies. Existing law prohibits the department from selling the data or from making the data available to an agency that is not a law enforcement agency or an individual that is not a law enforcement officer.

Existing law authorizes the department to use LPR data for the purpose of locating vehicles or persons reasonably suspected of being involved in the commission of a public offense and requires the department to monitor the internal use of the data to prevent unauthorized use and to submit to the Legislature, as a part of the annual automobile theft report, information on the department's LPR practices and usage.

SB 1330 -2-

This bill would apply similar requirements to state and local law enforcement agencies other than the Department of the California Highway Patrol and would require these agencies to comply with the requirements of these provisions, thereby imposing a state-mandated program by requiring local agencies to perform new duties.

This bill would also apply similar requirements to persons, as defined, who use LPR technology and would additionally require, among other things, compliance with all applicable statutory and constitutional requirements, and disclosure to a law enforcement agency; only pursuant to a search warrant, except as specified. The bill would require a law enforcement agency that obtains data pursuant to the a search warrant to notify the person whose information is disclosed that his or her records have been obtained. The bill would authorize a person whose information is sold or disclosed in violation of these provisions to bring a civil action and would entitle the person to recover any and all consequential and incidental damages, including all costs and attorney's fees.

Because the failure to comply with these provisions would constitute an infraction under the Vehicle Code, the bill would also impose a state-mandated local program, by creating a new crime.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority. Appropriation: no. Fiscal committee: <u>yes-no</u>. State-mandated local program: <u>yes-no</u>.

The people of the State of California do enact as follows:

1 SECTION 1. Title 1.81.23 (commencing with Section 1798.90.5) 2 is added to Part 4 of Division 3 of the Civil Code, to read: -3- SB 1330
